Carlisle Colortech™ Rotary Brushes are the simple floor care solution. They clean more effectively, using nylon filament impregnated with Silicon Carbide grit. And, we offer a wide selection of rotary brushes to match all of your floor care needs including stripping, scrubbing and general cleaning of high traffic areas in office buildings, malls, schools, hospitals, and stores.

Our newest addition to the Colortech™ Rotary Brush line is the Daily Cleaning Rotary Brush. This brush is specifically designed for daily cleaning of all High Gloss floor surfaces while maintaining the floor shine. Our newly redesigned Rotary Brush block delivers cleaning solutions more efficiently, and a wear indicator has been added to all Colortech™ Brushes.
