EZ Snap Clutch Plates

Our innovative new clutch plates complete the EZ Snap Floor Care System.

EZ Snap Features

- Patented design
- Manufactured with acetal for outstanding durability
- Acetal resin is among the strongest and stiffest of all thermoplastic materials
- It is the resin of choice in the most demanding applications where toughness combined with high strength and fatigue resistance are required
- EZ Snap Clutch plates have passed rigid performance testing

Snap-On – Snap-Off Clutch Plates

No Tools Required
