Dynamic Research has scientifically developed a line of products that will thoroughly clean all types of surfaces and prevent slippage problems safely and easily. Years of conscientious research have resulted in the original, high-quality, self-applied, non-hazardous, UL Classified safety/cleaning products on the market today.

What our customers are saying:

"I'm proud to say that our comprehensive floor program (including SAF-T-STEP and your squeegees) has had a profoundly positive effect on our accident statistics. Since May 1, 1992, our slip/fall incidents are down by over 50% in frequency and associated medical/lost time dollar amounts are 70% less than the previous year."

-Jeff Johnson

Human Resources Director
South-Wen Inc.

WENDY'S – Old Fashioned Hamburgers

"We had 3 to 4 complaints of slippery conditions in our shower and locker room areas per month before. We began using SAF-T-STEP and N.A.C., we have not had any complaints since then."

-Nick Walker

Safety Leader

OWENS - CORNING

"We receive more special service and increased amounts of add on business with existing and new clients. The SAF-T-STEP products have created new accounts and is a great profit center. Our customers are happy and satisfied with the products."

-Charles Savite, Jr.

Vice President Operations

MONARCH BUILDING MAINTENANCE INC.
