

Fresh Wave® IAQ Spray Gel is a targeted, natural, non-toxic and environmentally friendly odor problem solver. Safe to use around people and pets. It will effectively eliminate odorous gases being released from garbage and other waste products without using caustic chemicals or scented masking agents.

32 oz Spray Gel
#160418

1.3 Gal Spray Gel
#166017

Handheld Pump Sprayer

Backpack Sprayer

Airless Handheld Sprayer

APPLICATIONS:

Fresh Wave® IAQ Spray Gel eliminates a broad spectrum of odors including garbage, decomposing food waste, and bodily waste, as well as trauma scene and composting materials. This is a topical application designed to allow odorous gases to pass through a barrier of sticky Gel. Upon rising through the Gel layer the odorous gases are eliminated. In a dumpster or waste receptacle, successive applications will sift down through layers of the odor-causing materials.

DELIVERY:

Fresh Wave® IAQ Spray Gel should be applied to the base and sides of the empty waste receptacle, dumpster or compactor, as well as to the surface of the odorous materials. Apply as needed evenly and thoroughly to fully cover the surface of the odorous materials.

- Use the 32-ounce trigger sprayer for smaller applications
- Use the 1.3-gallon bulk container for larger applications

Pour the Spray Gel into a handheld pump-up sprayer, backpack sprayer or airless handheld sprayer. This may require a funnel. Use a wave or fan tip on your sprayer to evenly apply a coating of Spray Gel.

IDEAL FOR:

- Odorous Waste Receptacles
- Dumpsters and Trash Compactors
- Composting Bins and Receptacles
- Garbage Chutes
- Diaper Pails
- Biohazard Receptacles in an Acute or LTC Facility

AVAILABLE SIZES:

- 32 oz: WAXIE Item #160418 6/cs
- 1.3 Gal (168 oz), WAXIE Item #166017 2/cs
