

# RECYCLE PRODUCTS

Safe, economical, compliant programs for recycling

- Fluorescent lighting which contain Mercury
- Batteries which contain: Mercury, Heavy Metals, Zinc, Lead and Cadmium.

## PROCESS

1. Order your MDS kit
2. Place spent bulbs in bags and batteries in pail
3. When box or pail is full, attach pre-paid FEDEX label to the outside
4. Call FEDEX for pick-up

*NOTE: Each shipment has a serial number to easily track that your recycling kit has reached the approved disposal destination.*
