Welcome to PABSCO!

The Pacific Association of Building Service Contractors (PABSCO) was formed in 1996 by a group of California Building Service Contractors. It was then, as now, a very difficult time for janitorial contractors due to the high cost of insurance, equipment and supplies. The idea was that as a unit we could do group purchasing that would lead to better pricing for all of the participating members.

PABSCO has grown over the years and our membership represents Northern and Southern California. We are recognized as having a strong influence in our industry. Aside from our member purchasing power, benefits also include networking, training, and legislative support as well as personal and professional development.

PABSCO's unparalleled success is due largely to our belief in what we are doing, what we stand for, and most of all to the selfless dedication of many individuals and companies. Perhaps you can volunteer to serve on a committee that is of interest to you. We have six committees to participate in:

- Communications Committee
- Education Committee
- Insurance Committee
- Legislative Committee
- Membership Committee
- Programs Committee

GET INVOLVED WITH A COMMITTEE. The rewards of giving of your time and talents are enormous. Become one of PABSCO's leaders by joining a committee. This is an excellent way to strengthen relationships with members and suppliers.
