

MEET THE NEXT GENERATION OF
PROTEAM BACKPACK VACUUMS

WHAT IF YOUR VACUUM

MOVED WITH YOU INSTEAD OF AGAINST YOU? FELT MORE LIKE A NATURAL EXTENSION OF YOUR BODY THAN A BULKY ATTACHMENT? IMPROVED YOUR PHYSICAL RANGE TO MANAGE THOSE HARD TO REACH PLACES WITH LESS EFFORT? DIDN'T LEAVE YOU AS EXHAUSTED AT THE END OF THE WORKDAY?

More than 25-years ago, ProTeam® gave the industry backpack vacuums and the freedom to clean without boundaries. Gone were the common restrictions of space and maneuverability. Then, after years devoted to improving power and filtration, ProTeam engineers once again turned their attention to ergonomics.

ProTeam knows that when cleaning pros feel better physically, they're more productive, and when their movement is less restricted they can clean better with less effort. The result is a new generation of backpack vacuums that are unequalled in maneuverability and **comfort**. We've taken it a step further with cordless efficiency allowing you to go wherever you need to go to get the job done.

THE NEW SHAPE

SUPER COACH
PRO® 10

SUPER COACH
PRO® 6

LESS FATIGUE
redesigned FlexFit harness
makes vacuum feel lighter
and more comfortable

STAY COOLER
open weave FlexFit harness
allows any heat to dissipate
during operation

FREEDOM OF MOVEMENT
articulating FlexFit harness
is responsive to the motion of
the user's shoulders, back and
hips—increasing comfort and
reducing fatigue

The new triangular shape, combined with ProTeam's innovative articulating FlexFit™ harness, have resulted in a vacuum that feels more like a part of your body. The load of the backpack is distributed to the natural center of gravity, so you have better balance no matter how you move.

"The new shape and harness make it more comfortable."

ADOLFO DEPAZ | SEATTLE, WASHINGTON

"Very smooth and easy to handle."

TOM DULLAGHAN | ALBANY, NEW YORK
