

## Preserve Patient Dignity by Eliminating Foul Odors

Acute and long-term healthcare facilities deal with odors that come from bodily fluids and infectious wounds.

In addition, these facilities need to consider patients and residents with compromised immune systems when it comes to dealing with odor elimination.

As such, Fresh Wave® IAQ empowers healthcare facilities to completely eliminate any human originated odors safely and effectively, putting the focus on providing quality care with dignity and respect for a higher quality of life. Deodorize with a pH neutral odor eliminator.

---

### Problem:

Ongoing odors due to bodily fluids, human waste, and open wounds.

### Solution:

Fresh Wave IAQ odor eliminating products to eliminate odors, not mask them.

### Business Benefit:

Cleanliness is a key consideration in the selection of a long term care or acute care facility. No healthcare environment is truly clean if it smells bad. Fresh Wave IAQ elevates resident and patient dignity, eliminates embarrassing odors, and eases tensions between residents/patients, family, and staff.

**WHAT MAKES FW IAQ DIFFERENT?**

- Eliminates Odor – Not a “masking agent,” with no irritating fragrances added
- Broad Spectrum – Works on virtually every odor
- Multiple Solutions – Provides delivery methods to address every odor issue
- Safe – MSDS reads like water.
  - HMIS Classifications: Health - 0, Flammability - 0, Reactivity - 0, Protective Equipment - NONE
- Green – Recognized for safer chemistry by the EPA's “Design for the Environment Program”

**Our Science****WHAT IS FRESH WAVE IAQ?**

- A proprietary blend of naturally occurring plant extracts, non-ionic food grade surfactants and purified water

**Natural  
Ingredients****Water****Lime****Pine Needles****Aniseed****Clove****Cedarwood****HOW DOES IT WORK WITHOUT USING “MASKING AGENTS?”**

1. Contact/Adsorption - Fresh Wave IAQ molecules released into the air or applied to surfaces make contact with odor molecules via opposing electrostatic charges and random contact.
2. Solubility - Fresh Wave IAQ's formulation enhances the solubility of gases (all odors are gases).
3. Chemical Reaction - Fresh Wave IAQ modifies the odor molecule to a non-odorous state so that the odor can no longer be detected by the human olfactory system.
4. Biodegradation - Food for bacteria.

**THE ODOR IS GONE AND WILL NOT RETURN.****IS IT SAFE?**

- Flash Point – None
- Tox Data – Non-toxic, per EPA guidelines
- VOC Data – No hazardous VOC's
- Ecological – Does not bioaccumulate
- Recognized for safer chemistry by the EPA's “Design for the Environment” program, [www.epa.gov/dfe](http://www.epa.gov/dfe)

**Recognized for

## AIR & SURFACE LIQUID AND SPRAY

A rapid and targeted method of odor elimination. Instantly bonds to and eliminates odor molecules. The Air & Surface Liquid and Spray have an initial mild aroma that quickly dissipates.

### **Ideal For:**

- **Resident and Patient Rooms, Restrooms, Nurse's Stations, Lobbies**
- **Maintenance Carts:** Place the Air & Surface 32-ounce Spray on every cart.
- **Nursing and Support Staff on their daily rounds:** Carry the Air & Surface 2-ounce Spray.
- **Housekeeping:** Use the Air & Surface Liquid to eliminate odors from vomit, urine, and feces. Add to rinse water in wash or mop buckets. Spray on draperies, furniture, and linens. Use to eliminate odors that have penetrated or are resting on the surface of wheel chairs, rehabilitation equipment, couches and chairs, massage or treatment tables. Great for microfibers and mop heads.

**Available in:** 2-ounce (WAXIE #160411), 32-ounce (WAXIE #160417), 1-gallon (WAXIE #160416) and secondary labels (WAXIE #160414)

## GEL

A passive release, continuous formulation that works around the clock to provide constant odor elimination, day or night. The Gel has an initial mild aroma that quickly dissipates.

### **Ideal For:**

- **Resident or Patient Rooms, Rehabilitation and Exercise Rooms, Restrooms, Soiled Linen Rooms:** Place an 8-ounce Gel Wall Mount Unit in the space or room impacted by the source of the odor.
  - Covers approximately 250 sq. ft. for 30 days.
  - Refill with the 2-gallon pail.

**Available in:** 8-oz. (WAXIE #160410), 2-gallon (WAXIE #160412) and Wall Mount Unit (WAXIE #160413)

8 oz. Gel Wall Mount Unit

## LAUNDRY ADDITIVE

Many commercial detergents are designed to remove dirt and stains, but fail to adequately address odor issues. Use the Laundry Additive in addition to detergent and eliminate odors from problem laundry, including must, mildew, urine, feces, vomit, and perspiration.

### **Ideal For:**

- **Soiled linens, Microfiber and linen**

**Available in:** 5-gallon concentrates (WAXIE #530008)

## OSTOMY DROPS

The latest innovation from Fresh Wave IAQ natural odor eliminating products.

### **Ideal For:**

- **Eliminating odors when changing or replacing an ostomy bag.**
- **Fresh Wave IAQ Ostomy Drops are registered with the FDA (#FW568).**

**Available in:** 1.25 fluid ounces (WAXIE #160415)

## WAXIE Inventory Centers

WAXIE Sanitary Supply's Inventory Centers are strategically located throughout the Western United States. Each Inventory Center carries a full supply of sanitary products and equipment to quickly and efficiently meet your sanitary maintenance needs. Additionally, WAXIE has vast resources to vendors that can supply us with products to assist you with many other product needs that you may have. Just ask – we will do our best to assist with specialty items not shown in our current product offering.

Each modern, clean Inventory Center also has a showroom and Customer Service Center to help you determine which product is best for you and to provide ordering assistance.

As the true single source for all your maintenance requirements, you can depend on WAXIE's knowledgeable sales consultants, high-quality and effective products, equipment and procedural training, friendly customer service representatives, and total inventory management to minimize costs, simplify logistics, eliminate hassles, and maximize your satisfaction.

### EPA DESIGN FOR THE ENVIRONMENT (DfE)

The Design for the Environment (DfE) is the US EPA's label for safer chemical-based products. The DfE Safer Product Labeling Program advances EPA's mission to protect human health and the environment. The program uses EPA's chemical expertise and resources to carefully evaluate products and to label only those that have met the program's highly protective Standard for Safer Cleaner Products and stringent safer ingredient criteria.
