

Facility Maintenance &
Management Program

ONLINE TRAINING

ANYTIME, ANYWHERE!

Restroom Care

**Hard Floor
Care**

Carpet Care

AVAILABLE AT ANYTIME, FROM ANYWHERE!

Online Training Modules

Training modules engage the learner by providing text, pictures, video, interactive exercises and voiceover. Technical training for cleaning is covered in the following:

Restroom Care:

Daily and deep cleaning restroom care procedures

Carpet Care:

Routine, interim and restorative carpet care procedures

Hard Floor Care:

Dust and mop, gloss restoring, scrub and recoat, strip and recoat

Instant Assessment

Modules have a quick assessment quiz at the end of each session. An employee's progress may be viewed by a supervisor as the employee completes their courses.

Certificates

Once an employee successfully completes a course, they will immediately receive a certificate of completion via email.

Review & Reinforcement

The employee may log on to the online training as many times as needed.

WAXIE Facility Maintenance & Management Program is available to all of our valued partners today!

Contact your WAXIE Sanitary Maintenance Consultant for additional information.

Protect Health:

Promote safe and healthy cleaning procedures.

Reduce Impact:

Reduce environmental impacts associated with cleaning procedures.

Increase Productivity:

Increase workplace wellness and productivity.

Job Cards

If the employee is working on-site, WAXIE's Job Cards are available. They are compact and made of waterproof paper, and recap all of the cleaning procedures from the online training.

Tabletop Flip Charts

Ideal for on-the-job training for supervisors teaching new employees in the field. The flip charts represent the same cleaning procedures shown in the online training. Custom designed in presentation folders for easy reference and handling.
