

# Cricket™ Automop

Do More With Less.

There are problems/challenges and benefits to a mop and an autoscrubber. The Cricket fills the need in-between.

- **Safety**

- » Leaves floor dry
- » Reduces slip-n-falls
- » "Ergo-mopping" Reduces the swinging & wringing
- » Fewer injuries

- **Hygienic/Green**

- » Clean with clean water vs. spreading dirty water
- » Quiet <52 dBA
- » Daytime Cleaning

- **Productivity**

- » 5x the cleaning rate of a mop in open areas
- » Add on tools provide ability to clean in small/tight areas
- » Greater productivity than a 20" pad assist autoscrubber

- **Simple**

- » Simple to operate & push
- » Maintenance free: no batteries, no cords, always available
- » Footprint similar to a mop & bucket

# PDIR

## Daily & Interim Maintenance

The Cricket AutoMop can be used for daily hard floor cleaning or as an interim process between autoscrubbing and deep cleaning.

Low Labor			High Labor
Low Overall Cost			High Overall Cost
Low Chemical Usage			High Chemical Usage
Greener			Less Green
<b>Preventative</b>	<b>Daily</b>	<b>Interim</b>	<b>Restorative</b>

## Why Did Windsor Create The Cricket?

Windsor recognized a need for a cleaning solution between a mop & bucket and an autoscrubber in function, capability and price.

It is important to recognize that innovative solutions do not need to rely heavily on technology but that innovation can be found in creative ways of applying tried and true systems.

As an important part of Windsor's PDIR program, the Cricket Automop is a Daily & Interim hard floor solution.

The Cricket is not designed to replace the mop and bucket nor an autoscrubber...it was created to fill a need in between. Additionally, where autoscrubbers are in use the Cricket can fill a need for effective and safe cleaning between regular scrubbing.

### DO MORE WITH LESS!

More Productivity...Less Cost!

More Safety...Less Noise!

More Hygiene...Less Hassle  
& Maintenance!

#### Mop & Bucket

##### PROS:

- Simple
- Inexpensive
- Spill pickups
- Visual Clean
- Easy access to tight areas

##### CONS:

- Leaves floor wet
- Slip-n-fall hazard
- Safety/ergonomics (swinging & wringing)
- Spreads dirt around does not actually clean
- Poor image dirty water in the bucket
- Low productivity in large areas

#### Auto Scrubber

##### PROS:

- Productive
- Leaves floor dry
- Deeper Clean
- Good for multiple hard floor surfaces

##### CONS:

- Cost
- Maintenance (daily, battery, parts & repair)
- Training/skills to operate
- Size/storage
- No access to small tight areas

#### Cricket Automop

##### PROS:

The Cricket takes the low maintenance and ease-of-use from a mop and puts them in a more productive, safe and hygienic package. The Cricket Automop actually recovers the solution it uses leaving the floor dry, greatly reducing the potential for slip-and-fall accidents.

The Cricket is also more ergonomic for the users: simply push to clean, no slinging a mop back and forth. Dirty water is never used to clean the floor with this hygienic system.

## Detail Configuration

Compact areas that require a mop for detail work.

- Gang Bathrooms • Locker Rooms
- Kitchens • Classrooms • Vet Clinics

## Productivity Configuration

Large areas with smaller detail work required.

- Cafeterias • Entryways • Larger Classrooms
- Spill Cleanup • All-Purpose Rooms
- Hallways • Wrestling Mats

## Hygienic Configuration

Ideal for areas where hygiene is of utmost importance

- Patient Rooms • Retirement Homes • Gyms

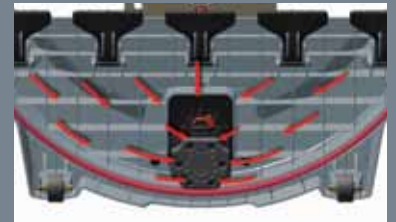

## Cricket Process:

Water from the solution tank is gravity fed.

The water then spreads into the scrubbing area and is recovered by the mechanical pump.

The drive wheel operates the pump based on human power.

Dirty water is pulled thru the recovery hose and dumped into the recovery bucket.

Dirty water is kept separate from the clean water promoting a cleaner hygienic process.

## Technical Specifications

	Cricket Automop
Width:	24"
Cleaning Rate:	15,840 ft <sup>2</sup> /hr
Recovery System:	Human Operated Mechanical Pump
Recovery:	3 Gallons
Solution:	2.5 Gallons
Noise Level:	52 dBA
Wringer Capacity:	12 Ounces
Scrub Deck:	Manually Operated Deck Lift
Weight:	44 Lbs

Specifications are subject to change without notice.

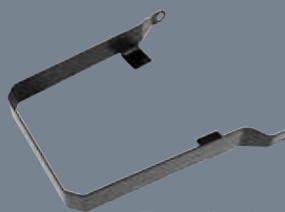

## Accessories:

Mop Wringer  
& Bracket

Bucket

Front Bucket  
Bracket

Mop Hook

### Accessories Not Shown:

- Dust pan
- Whisk Broom
- Flat Spray Mop
- Flat non-spray Mop
- Caddy tray
