

Designed to eliminate severe cannabis and tobacco smoke odors, Fresh Wave IAQ® Smoke Away Air & Fabric Liquid is a new proprietary solution that is natural, non-toxic, biodegradable, and completely safe to use around staff and guests, including pets.

Without masking odors with synthetic fragrance, this new solution instantly bonds to and eliminates cannabis and smoke odor molecules in the air, as well as those that have penetrated fabrics, carpeting, and other porous surfaces.

## IDEAL FOR

- Hotels & Hospitality
- Building Services
- Educational Facilities
- Auto Rental

For maximum coverage we recommend using the M130 Vapor Phase Unit.
