

EDC™ EASY DILUTION CONTROL™

Simple | Consistent | Sustainable

WAXIE®
SANITARY SUPPLY

The Most Trusted Name In Clean. Since 1945.

The **WAXIE EDC™ (Easy Dilution Control™)** dispenser is a simple, portable, low-cost dilution control system that attaches to the compact **WAXIE EDC** ½ gallon containers of superconcentrates. The system is designed to consistently dispense sustainable **ready-to-use** solutions for all types of applications ranging from **bottle fill** to **bucket fill** to **autoscrubber fill** to **direct spray** applications. The dual pre-metered tips are safely locked away in the concentrated bottle using a closed-loop insert, to prevent tampering with the dilution ratio and ensure end-user cost.

Simple

- **Portable:** Off the wall dispensing that can be used anywhere a water source is available
- **Easy-to-Use:** Screw dispenser onto EDC bottles, connect water supply, slide knob for bottle or bucket fill, and press down handle

Consistent

- **Color-and-Number-Coded-Bottles:** Icon based; bilingual GHS compliant labels

Sustainable

- **Safe System:** A compact portion controlled, closed-loop/safe system with third-party certified products
- **Reusable:** NO dispenser disposal after each bottle use

UL (Underwriters Laboratories) is a global independent safety science company founded in 1894. UL certifies, tests, inspects, audits, advises and educates the market in collaboration with a variety of industry stakeholders who share the vision of promoting safe living and working environments. UL ECOLOGO® is classified as an ISO (International Standards Organization) Type I ecolabel assessed by the Global Ecolabeling Network, and it is one of the most recognized ecolabels in North America. Since 1988 UL/ECOLOGO has helped purchasers and consumers identify products and services that meet multi-attribute, life cycle-based sustainability standards, and which have met strict criteria for reduced impacts on human health and the environment based upon third-party audit and review.

Green Seal™ is a US-based independent non-profit organization, founded in 1989 to identify and promote products and services that have less impact on human health, the environment and our natural resources. Green Seal certified products have met strict criteria for reduced toxicity, reduced packaging and required performance testing, as verified by a third-party review and a manufacturing site audit, as well as ongoing compliance monitoring.

South Coast AQMD established the “Clean Air Choices” Cleaner Certification Program that focuses on very low-polluting cleaning products used by maintenance and cleaning professionals. A product must contain 10 grams per liter or less of VOCs and verification that no prohibited ingredients (such as Toxic Air Contaminants, Hazardous Air Pollutants, Ozone Depleting Compounds, Global Warming Compounds, Heavy Metals and Carcinogens) are present.

This symbol indicates that a product or package is USDA Certified Biobased. The biobased contents of these products/packages have been third-party tested at independent laboratories. These products/packages have earned USDA certification and the approval to display the USDA Certified Biobased Product label.

The Organic Materials Review Institute (OMRI) is an international nonprofit organization that determines which input products are allowed for use in organic production and processing. OMRI Listed® products are allowed for use in certified organic operations under the USDA National Organic Program.

EDC™ EASY DILUTION CONTROL™

Discover the WAXIE Difference

We have been the experts in clean since 1945 and we are committed to helping our customers keep their facilities cleaner, healthier, greener and safer. We understand that you need to deliver a clean and healthy building at the lowest total cost. That's why we deliver innovative cleaning solutions along with your facility maintenance supplies, and combine them with industry-specific expertise and advice. Our goal is to create customized cleaning solutions to meet *your* specific needs, followed by ongoing training and support to help you achieve the healthiest building environment.

Whether it's an on-site consultation, a timely equipment repair, a bilingual training session, or an introduction to the latest laborsaving cleaning innovations and technology – working with WAXIE contributes to lower operating costs, enhanced public image and cleaner surfaces, all while helping you create the best experience for all of your building occupants.

WAXIE Sanitary Supply – An Envoy Solutions Company

Envoy Solutions is a diversified distribution company building a national platform for facility supplies, packaging solutions, foodservice disposables, and specialty products. We're bringing together the leading distribution brands across the country to create greater national efficiencies and scale while maintaining the highest level of customer service. Our portfolio of companies includes: WAXIE, North American, SEPG and NVISION.

For our national accounts, we deliver centralized control at a national level with the service, flexibility, and agility of a local supplier. The result: we can be even more responsive to the toughest problems; we can more effectively and efficiently get the right products into your facilities around the nation; and we can leverage our total size and scope to bring deeper category knowledge and deliver the value your company deserves.
