

Ultra Guard Premium Wood Floor Care Program

ULTRA SPORT II

HIGH PERFORMANCE WOOD FINISH

WAXIE Ultra Sport II two-component wood finish is a high performance water-based urethane/acrylic wood floor finish, with performance-boost technology that provides long lasting beauty and protection to all wood floors. Its two-component formulation utilizing a part-B (Boost) additive is mixed in the product's original pail. The boost additive enhances the product's all around performance, and remains active throughout the application process for up to 8 hours. After 8 hours, the product can be recharged within 48 hours with an additional boost additive up to an additional 8 hours if required. **Ultra Sport II** applies extremely well with most applicators, making it easy to use. **Ultra Sport II** is dry in two hours between coats, under normal conditions, and is 80% cured in 24 hours and 100% cured in 72 hours. This allows the gym to be open for traffic and back in service quickly. **Ultra Sport II** offers excellent black mark, scuff, and soil resistance. **Ultra Sport II** also meets or exceeds all federal and state regulations for VOC content, is slip resistant per ASTM D2047 and is MFMA Certified.

Packaging: 5 Gallon Pail

Product coverage rate: Up to 1000 sq. ft. per gal.

Dilution: Ready to Use

ITEM #934661

THE NEXT GENERATION IN WOOD FLOOR CARE SOLUTIONS

ULTRA SPORT II

HIGH PERFORMANCE WOOD FINISH

FEATURE	ADVANTAGE	BENEFIT
48 Hour "Open Time"	The Ultra Sport II finish stays open for up to 48 hours after it is applied to the surface.	Allows for recoating of additional coats at any time within the 48 hour open time window,
Water based Formulation with 2-Component Performance Boost	Offers appearance and durability that is a game changer over other wood floor finishes or finishes. Performance boost additive can be added to the products container, and lasts for 8 hours while the finish is being applied.	Long lasting durability without the hassles or strong odors normally associated with wood floor finishes. By having an 8 hour boost life, there are no worries about using the product up during application, like with traditional 2-component products with a "Pot-Life". Saves time, saves hassle, saves money.
Simplified Floor Preparation	Allows the use of traditional VCT hard floor preparation products and procedures. By using preparation procedures, producing a top-quality floor is easier to achieve.	Keeps the floor maintenance process simple. Producing beautifully finished floors that provide long lasting shine and durability.
Extreme High Gloss and Clarity with Gloss Restoration Capability	Great finish build, which provides truly amazing gloss with true-view finish clarity. Ultra Sport can be cleaned then burnished to restore its gloss.	Using either a lightweight T-Bar or heavyweight T-bar for finish application, WAXIE Ultra Sport II produces unmatched gloss. With gloss restoration, Ultra Sport can look good all year long.
VOC Compliant	WAXIE Ultra Sport II is VOC compliant in all 50 states and California Proposition 65 compliant.	By meeting all State and Federal guidelines, WAXIE Ultra Sport II helps to insure safe interaction between people and product, while product is being applied to the floor.
