DIRECTIONS FOR USE

To open place bottle on firm surface and carefully press down on safety cap while turning cap counterclockwise. Remove excess water and slowly pour measured amount of *WAXIE Kleen Out* into drain at arm's length, and never place head over drain opening. This product does not dissolve cloth or hair that may be in the drain. After pouring, immediately place a plastic bucket over drain openings to protect against possible eruption of drain contents. **Clogged Drains:** Pour 16 ounces of product slowly over drain opening. No need to remove standing water. Allow to stand for 30 minutes. Repeat application if necessary and let stand 1 hour. Flush drain with warm water. **Sluggish Drains:** Use 12 ounces. Allow to stand 30 minutes. Flush with warm water. Repeat application if it is necessary. **Preventive Maintenance:** Use 8 ounces weekly. After 30 minutes flush with warm water.
