

# WAXIE Spring Rain Dry Air Freshener

## DESCRIPTION

WAXIE Spring Rain Dry Air Freshener represents a “back to the basics” approach to fragrances while continuing to utilize cutting edge delivery technology. This breakthrough formulation contains all of the performance one might expect from a dry-type air freshener-but with a twist: excellent bloom and suspension time, ultra fine particles, no fall out, and no residue. What is truly remarkable about the product is that it achieves an incredibly dry spray without using ozone depleters. In fact, this product contains less than 10% total VOC content! A remarkable spray is not the only exciting thing about this new and improved formulation. The fragrance has been upgraded to ensure superior olfactory notes and tones. Overpowers odors with industrial and institutional strength, even those caused by smoke, decay, urine, feces, solvents, vomit, cooking odors, animal odors and more. Also featured is a new light-touch actuator for effortless pinpoint spray control. Suggested areas of use include, hotel rooms, restaurants, hospitals, apartments, schools, nurseries, fitness centers, animal clinics and nursing homes.
