Solubility	Soluble

ACTIVE INGREDIENTS:

Sodium Carbonate	25-50%
Surfactant	< 10%
Zeolite.....	< 10%
Sodium Metasilicate.....	< 3%

OTHER INGREDIENTS:Balance

SHELF LIFE: All WAXIE brand chemical products have a guaranteed shelf life of up to one year after the date product was manufactured, when stored in ambient conditions. The actual manufacturing date is included in a date code on every product container.

DIRECTIONS FOR USE

Add packet to washer while filling with water. After water-soluble packet dissolves, add clothing. Use 1 water-soluble packet per 16-20-pounds of laundry. Add two packets for larger loads, heavy soil or in hard-water conditions. For high efficiency (HE) machines, use 1 soluble packet per 20-25-pounds of laundry. **NOTE:** This laundry detergent cleans all washable synthetics, colors, whites, cottons, and permanent press fabrics. Because of the heavy-duty composition, it is not recommended for use on silks or woolens.
