

WAXIE Colorado Springs Finds a New Home

September 28, 2015

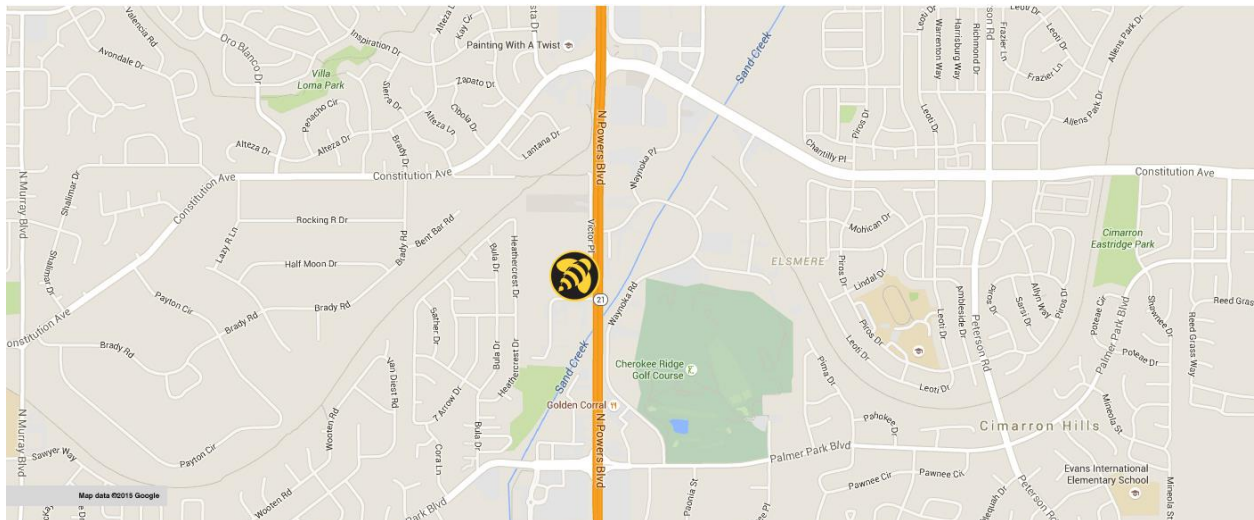

FOR IMMEDIATE RELEASE

SAN DIEGO, CA—WAXIE Sanitary Supply is proud to announce the relocation of its Colorado Springs retail facility to its new location at 2180 Victor Place, Suite B, Colorado Springs, CO 80915. The property is located off of North Powers Boulevard, approximately one mile from WAXIE's original location on Omaha Boulevard.

The impetus for the move was brought on by the desire to enhance the customer experience in the greater Colorado Springs market. WAXIE specializes in providing quality sanitary cleaning supplies and equipment to the commercial, industrial, contractor and institutional markets. This relocation into a retail-specific building will serve those markets and will increase product availability to convenience stores, restaurants, apartment complexes, light industrial and residential customers. WAXIE maintains a warehouse in Denver, Colorado that supplies customers throughout the region and it will continue to serve this new retail facility.

"Relocating off of the North Powers business corridor provides our customers with a convenient location to assist them in selecting products that will improve the cleanliness and appearance of their facilities," remarked Mike Midas, WAXIE General Manager for Colorado. "The new retail facility will provide an exceptional customer experience for cleaning products and equipment. We have Retail Specialists on staff that will assist customers with any challenge that they may encounter in cleaning and maintaining a building."

A unique feature of the new facility is an on-site training and education component. Customers will have the opportunity to experience hands-on training with cleaning systems and equipment, as well as classroom-style training if needed. WAXIE will also provide equipment repair at the new retail facility.

About WAXIE: WAXIE Sanitary Supply is America's largest family-owned distributor of sanitary maintenance supplies. WAXIE is an industry leader in the distribution of quality cleaning chemicals, equipment, disposables and accessories to the building service contractor, school, hospitality, healthcare, military, government, industrial and retail markets. Based in San Diego, CA the company consists of over 800 dedicated professionals working out of Inventory Centers servicing the western United States including California, Arizona, Nevada, Utah, Idaho, Oregon, Washington, Colorado and Alaska.
