Premeasured Packets
A water-soluble green cleaning system

- Cost-effective, concentrated cleaners for larger applications
- Simple, easy-to-use dissolvable packets
- Portable premeasured dilution control
- Decreased product and packaging waste
WAXIE-Green Premeasured Packets are an easy way to accurately dilute concentrates by simply dropping a self-dissolving packet of powerful powder concentrate into water. These cleaning products which offer both bucket and quart bottle fill options are: simple, easy-to-use and very effective. Simply drop them into the appropriate applicator (bucket, toilet bowl, autoscrubber, 32-ounce quart bottle, WAXIE Fast Glide Mopping System, washing machine) and the water-soluble packet will dissolve completely. The products are formulated to mix rapidly with water to provide effective cleaning at the right concentration.

**WAXIE-Green Laundry Detergent**

*Formulated in Partnership with EPA DfE*

Low-foaming concentrated detergent that cleans, brightens and freshens. Contains an enzyme system that removes microfiber “pilling” and restores fabric color. Fresh lemon scent. Add packet to washer while filling with water. After water-soluble packet dissolves, add clothing. Use 1 water-soluble packet per 16-20 pounds of laundry. Add two packets for larger loads, heavy soil or in hard-water conditions. For high efficiency (HE) machines, use 1 soluble packet per 20-25 pounds of laundry. NOTE: This laundry detergent cleans all washable synthetics, colors, whites, cottons, and permanent press fabrics. Because of the heavy duty composition, it is not recommended for use on silks or woolens.
