

OmniFlex™ SUV™

THE ULTIMATE JANITOR'S CART

Say goodbye to the traditional janitor's cart. The Lithium-ion powered OmniFlex™ SUV™ is the first practical whole building mop replacement ever developed. In fact, it's a true all-in-one system that not only replaces mops and buckets, but also wet vacuums, dust mops, and in some cases, autoscrubbers. Plus, it reduces trash volume by up to two-thirds with its integrated trash compactor.

Most important, it gets floors and other surfaces really clean, really fast. The Ultimate in Crossover Cleaning, it combines high-speed push-behind cleaning for large areas with the precision and flexibility of a vacuum wand for smaller, congested areas, tight corners, or grouted floors. The result is a compact cart that's three-four times faster than mopping and 30-60 times better.

PERFECT FOR:

Restroom Cleaning
Spill Response and Pickup
Entrances and Vestibules
Weather-related Cleaning
Daily Floor Cleaning
Remote Areas
Day Cleaning
Team Cleaning

Retail
Education
Sports/Fitness
Office Buildings
Industrial
And more...

The High Needs of Facility Cleaning.

Get hard surface floors really clean, really fast — at a fraction of the cost. Perfect for high speed cleaning of even the most challenging areas in your facility, the grab-and-go OmniFlex SUV provides the ideal balance of productivity, cleaning performance, simplicity and cost-effectiveness.

One single platform uniquely addresses the key floor care challenges that our customers consider the most critical:

Restrooms

No area of the building generates more complaints than the restroom, and floors are the main source. Eliminate mopping and eliminate the complaints.

Spill Response

The SUV enables rapid and complete removal of spill contents to keep employees, customers and surfaces safe. Plus, floors are clean and dry for immediate use.

Entranceways

Entranceways are the highest traffic spots in a building, but they're also critical for first impressions and safety. Its cordless and nimble maneuverability enable cleaning of entrances and mats throughout the day.

Weather Related

The SUV is perfect for weather-related cleaning like snow, salt, water and mud pickup for improved floor safety and perfect first impressions. Its cordless and nimble maneuverability enable cleaning throughout the day.

Specialty

Foodservice, pharmacy and other specialty areas demand improved sanitation and assurance against cross-contamination. The SUV keeps these areas clean, inviting and hygienic.

Daily Floor Care

Toss the mop and use the SUV for daily cleaning of hallways, lobbies, aisle ways, entranceways, gyms, cafeterias and more. Many facilities even use it in place autoscrubbers.

The SUV™ Includes:
