

WAXIE VERSA™ High Performance No-Touch Cleaning Caddies

What is WAXIE VERSA™?

The WAXIE VERSA™ cleaning caddies are no-touch cleaning systems designed to remove the maximum amount of bio pollution. Each machine combines automatic chemical metering and injection, an indoor pressure washer, and a powerful wet vacuum into an integrated system. This combination allows workers to thoroughly clean without touching contaminated surfaces.

The shape, height, weight, pressure and hose length of the equipment is designed to fit various cleaning situations with worker comfort and efficiency in mind. Ease-of-use, trouble-free transport, and tangle-free operation are all key components in the foundation of our design.

Regardless of size, every facility can find the perfect cleaning solution in WAXIE VERSA™. These versatile machines offer the flexibility of wet or dry cleaning, on hard or carpeted surfaces anywhere in a building, including bathrooms, kitchens, stairwells, classrooms and more.

The Best Solution to the Number One Building Maintenance Challenge

Challenge

Dirty, unsanitary restrooms are consistently the number one building maintenance complaint. They're often the number one building health hazard too. That's because a restroom is really a biohazardous waste transfer station – a primary source of disease causing organisms. Alarmingly, studies confirm that many biocontaminants originating in the restroom ultimately make their way throughout the building. The reality is that you cannot have a truly healthy building if your restrooms are not well cleaned.

Unfortunately, traditional restroom cleaning tools like mops and wipes remove very little soil, bacteria and other indoor pollutants. Studies show that they often simply redistribute and cross-contaminate. Then workers end up crawling around on their hands and knees wiping soiled surfaces and fixtures by hand.

Solution

No-touch cleaning dramatically increases productivity compared to conventional cleaning methods. According to ISSA, it takes an average of three minutes to clean a restroom fixture. In many restrooms no-touch cleaning cuts that time to one minute, leaving surfaces sparkling clean in one-third of the time. WAXIE VERSA™ removes soils, urine, germs and other indoor pollutants that traditional cleaning tools like mops leave behind.

WAXIE VERSA™ High Performance No-Touch Cleaning Caddies

Worker Friendly.

The WAXIE VERSA™ systems can tackle just about any surface in any facility type. It effectively and ergonomically cleans while protecting staff from coming into contact with harsh chemicals.

Stable, maneuverable and easy-to-use, this system can be used for the following tasks:

- Wet/Dry cleaning on virtually any surface
- Deep cleaning
- Carpet cleaning with the Carpet & Rug Institute Silver Rated Carpet Extractor
- Spot cleaning on upholstered surfaces, including furniture and auto interiors
- Soil extraction – Especially effective on entrance matting
- Removal of standing water
- Trash removal and onboard supply storage creates a full service cleaning caddy

WAXIE VERSA™ includes the KaiTutor™, an onboard training and documentation system that solves the training dilemma! With KaiTutor™, users can learn at their own pace—anytime, anywhere!

Areas of Use

- 1 Restrooms** | Completely removes contaminants to eliminate odors and reduce the risk of disease. The system offers the first way to sanitize a restroom without ever touching contaminated surfaces or crawling in front of toilets and urinals.
- 2 Kitchens** | This system gets the grease out of grout lines and from behind stoves and other equipment. Unlike mops and wipes, it ensures fresh solution and rinse water, preventing cross-contamination from restrooms to food areas. The results are clean, safe and healthy kitchens.
- 3 Classrooms** | Equips the custodian for virtually any school cleaning assignment. This system supports an array of quick-connecting components to tackle all kinds of cleaning challenges, including vac-dusting, vacuuming, washing floors and walls, erasing chalkboards and dry boards, picking up vomit and spills, cleaning lockers, and more.
- 4 Hallways** | The wide area squeegee enables no-touch cleaning to deep clean floors in a way that actually extends the life of floor finish, while improving air quality. The process — spray on, vacuum off — allows the finish-friendly cleaning solution to penetrate and float soils for easy removal.
- 5 Stairwells** | Stair treads, hand rails, ceilings, walls, corners and stairwells are a haven for soils and bacteria. Unlike dust and wet mops that pass over these disease transfer points, WAXIE VERSA's equipment deep cleans them with a spray gun, brush and blower. Workers then simply suction up the soiled solution at the bottom of the stairwell.
- 6 Carpets** | Quickly converts into a complete carpet care machine for vacuuming, extracting and spotting. Simply use the quick-connect attachment that is included and the VERSA instantly transform into a dry vacuum. It can also be converted to an extractor for cleaning carpet and upholstery, or into a carpet spotter for fast stain removal during routine rounds.

How Does WAXIE VERSA™ Work?

Designed for soil and bacteria removal, the WAXIE VERSA™ can be paired with WAXIE Solution Station® Chemicals to ensure fresh solution and rinse water, which prevents cross-contamination resulting in clean, safe and healthy building environments. WAXIE VERSA™ equips the custodian for any cleaning task.

Tools included: 2-Piece Aluminum Vac Wand, 14" Squeegee Head, Blow Nozzle, Window Squeegee, Metering Tip Kit, 15 Gallon Tote Bag, KaiTutor™ On-Board Video Personal Trainer & Placard Materials.

Which Size VERSA Fits Your Needs?

WAXIE VERSA™

Designed to fit a wide range of facilities—
from large to small
17-Gallon, 500 psi
577535 each

WAXIE VERSA™ II

Designed to fit smaller facilities and budgets
12-Gallon, 500 psi
577537 each

- 1 Aluminum Vacuum Wand with Dual-Purpose Squeegee & Brush Head
- 2 Long Range Vacuum Hose
- 3 Vacuum Tank with Dump Hose
- 4 Fresh Water Tank
- 5 SOLSTA Dispenser
- 6 Long Range Spray Line
- 7 Spray Gun with High/Low Pressure Modes
- 8 3-Stage Vacuum Motor
- 9 500 PSI Pump
- 10 HEPA Filter

Fast.

Cleaning restrooms takes **1/3 the amount of time** with the WAXIE VERSA™ systems than it would with traditional cleaning methods, and the results are astronomical!

Easy.

Effective.

According to a recent scientific study, the WAXIE VERSA™ no-touch cleaning process was **60 times more effective** at removing bacteria and other biohazardous contaminants than mopping. Rather than push the dirt and germs around, the system allows for rinse and full-removal of all soil and chemicals with the use of the vacuum.

SOLUTION STATION®

Safety, Accuracy, Flexibility and Cost Control

When combined, the WAXIE VERSA™ and Solution Station 3-liter bottles of superconcentrates dispense ready-to-use solutions for all types of applications in restrooms, kitchens, healthcare, schools and more.

Whether for cleaning, disinfecting, degreasing or spotting, WAXIE provides an effective chemical choice for every task. Each cleaning chemical is designed to attack specific soils inherent in various settings, like restrooms, kitchens, industrial, healthcare, schools and more. Developed specifically for no-touch cleaning, these high quality chemicals are low foaming and free rinsing for fast, spot free drying.

WAXIE VERSA and Solution Station provide unparalleled end user flexibility to customize a dilution control dispensing system designed to meet the needs of any institutional or industrial cleaning application.

VERSA™ II

Benefits of Solution Station

Safety

The closed-loop system and spill-resistant bottles help ensure no chemical contact. Permanently secured inserts create a tamper-resistant system.

WAXIE Solution Station products have simple descriptive names and are color- and number-coded at every step of the dispensing process so that your employees never dispense the wrong chemical into the wrong bottle.

Accuracy of Dilution

The metering tip is safely locked away in the concentrate bottle using a color-coded closed-loop insert to prevent tampering with the dilution ratio and to maintain end user cost per usable gallon.

Filter

Built-in filter prevents contamination of chemical injector, pump and spray gun.

Clean, Mean & Green

WAXIE VERSA's goals are to deliver a cost-effective, worker-friendly cleaning system that protects the health and safety of a building's occupants as well as the environment. As a result, we designed our cleaning machines for touchless deep cleaning that's extremely efficient and more sustainable than traditional cleaning methods. That goes for our chemicals too. Several of our most effective cleaning products have been UL ECOLOGO and Green Seal certified.

WAXIE VERSA™ – Lean on resources, mean on soils. The no-touch cleaning system can be a key component of any green cleaning program.

Area of Use	Product Information	Details
All-Purpose/ General-Purpose	<p>255 WAXIE-Green™ HP All Purpose Cleaner <i>ECOLOGO CCD-146/UL 2759 Certified</i> <i>CACC Certified</i></p> <p>A recent innovation in cleaning and deodorizing that utilizes Hydrogen Peroxide as its active ingredient. HP All Purpose Cleaner will go right to the source where malodors generate. It is excellent for all hard surfaces including grout and carpets and is biodegradable. NSF C1 registered.</p> <p>320101 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:32 or 4 oz/gl Bottle: 26 RTU Gallons Case: 105 RTU Gallons Fragrance: Fresh Color: Clear</p>
All-Purpose/ General-Purpose	<p>940 WAXIE-Green™ Unbelievable Hard Surface Cleaner <i>ECOLOGO CCD-110/UL 2792 Certified</i></p> <p>An all-natural and powerful cleaner & deodorizer designed for everyday use or for use on the toughest jobs. Contains 'fermentation enzymes' and seven microbial species chosen for their high production enzymes useful in hard surface cleaning. Recommended for use in hard surface cleaning, grout cleaning, urine saturated concrete odor removal, edible grease embedded surfaces and more! Fragrance-free. NSF A4 registered.</p> <p>320216 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:64 or 2 oz/gl Bottle: 52 RTU Gallons Case: 206 RTU Gallons Fragrance: Fragrance-Free Color: Light Blue</p>
Restroom	<p>300 WAXIE-Green™ Nonacid Bathroom Cleaner <i>ECOLOGO CCD-146/UL 2759 Certified</i></p> <p>Removes soap scum and mineral deposits. Safe on fiberglass. Leaves all chrome, porcelain and tile bright and shiny. Formulated to effectively remove all bathroom soils including hardened formations of hard water mineral deposits, rust stains, water spots and soap scum, all with no acid.</p> <p>1030400 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:16 or 8 oz/gl Bottle: 14 RTU Gallons Case: 54 RTU Gallons Fragrance: Citrus Color: Green</p>
Restroom	<p>315 Foaming Acid Disinfectant Cleaner</p> <p>This product penetrates and dissolves soap scum, ground-in dirt and grime, mineral deposits, hard water stains, and kills household germs. Cleans and shines without abrasive scouring action. Deodorizes too! Leaves your bathroom smelling minty fresh. EPA registration #6836-86-14994.</p> <p>170500 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:32 or 4 oz/gl Bottle: 26 RTU Gallons Case: 105 RTU Gallons Fragrance: Mint Color: Blue</p>
Restroom	<p>320 Disinfectant Bathroom Cleaner</p> <p>Disinfectant, cleaner and deodorant with a pleasant mint scent. Effective against a wide variety of gram-positive and gram-negative bacteria. In use dilution, it is non-corrosive and non-staining to plastic, vinyl, synthetics, enamel, tile and most common metals. EPA registration #1839-168-14994. Included on List N: EPA's Registered Antimicrobial Products for Use Against Novel Coronavirus SARS-CoV-2, the cause of COVID-19.</p> <p>170200 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:32 or 4 oz/gl Bottle: 26 RTU Gallons Case: 105 RTU Gallons Fragrance: Mint Color: Light Green</p>
Restroom	<p>330 WAXIE-Green™ Fresh Mist Liquid Microbes <i>ECOLOGO CCD-110/UL 2792 Certified</i> <i>CACC Certified</i></p> <p>A high performance odor control, degreasing cleaning solution. Contains useful microorganisms that digest and penetrate dirt buildup, grease and grime. Product attacks malodors at their source. It is a concentrated, biodegradable, non-hazardous, liquid that can be used on a variety of surfaces, such as carpets, pet stains, trash bins, garbage containers, urinals and floor surfaces not harmed by water. Product can be applied by mop, brush, or spray mist out of a secondary bottle.</p> <p>160115 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:64 or 2 oz/gl Bottle: 52 RTU Gallons Case: 206 RTU Gallons Fragrance: Fresh Color: Dark Red/Pink</p>
Restroom	<p>343 WAXIE-Green™ Restroom Cleaner <i>ECOLOGO CCD-146/UL 2759 Certified</i> <i>CACC Certified</i></p> <p>Biobased, highly concentrated solution that leaves restrooms and toilet bowl areas fresh and clean. It is a specially formulated bathroom cleaner using naturally derived glycol ether, biodegradable surfactant alcohol ethoxylates, organic acid salts and food grade dye. It is environmentally preferable and worker friendly and a very economical product to replace traditional corrosive bathroom cleaners.</p> <p>1030120 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:30 or 4 oz/gl Bottle: 25 RTU Gallons Case: 98 RTU Gallons Fragrance: Mint Color: Dark Red/Pink</p>

Area of Use	Product Information	Details
Restroom	<p>730 HP Disinfectant Cleaner A one-step Hydrogen Peroxide-based product for disinfection, cleaning and deodorizing. Cleans quickly by removing dirt, grime, mold and mildew stains, body oils and other common soils found in hospitals, nursing homes, office buildings, schools and colleges, and many other locations. For use on any hard, nonporous washable surface where disinfection is required. EPA registration #45745-11-14994. Included on List N: EPA's Registered Antimicrobial Products for Use Against Novel Coronavirus SARS-CoV-2, the cause of COVID-19. Kills SARS-Related Coronavirus 2 (SARS-CoV-2) in one minute.</p> <p>170059 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:64 or 2 oz/gl Bottle: 52 RTU Gallons Case: 206 RTU Gallons Fragrance: Odorless Color: Clear</p>
Kitchen	<p>910 Finale FS No Rinse Sanitizer 10% quaternary ammonia compound for use as a sanitizer on dishes, glassware, utensils and processing equipment at 200 ppm active quaternary without potable water rinse. NSF D2 registered. EPA registration #1839-86-14994.</p> <p>170831 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:512 or 1/4 oz/gl Bottle: 407 RTU Gallons Case: 1,627 RTU Gallons Fragrance: Odorless Color: Clear</p>
Carpet	<p>843 WAXIE-Green™ Encapsulating Carpet Extraction Cleaner <i>ECOLOGO CCD-148/UL 2795 Certified</i> <i>CRI Seal of Approval</i> A concentrated cleaner that can be used with any type of carpet extraction equipment. This encapsulation formula provides one pass cleaning and eliminates the need for rinsing. Compatible with high heat equipment, leaves no sticky residue, and will eliminate rapid re-soiling. Leaves no harmful residue. No rinsing required. Prevents soil wicking. Carpets will stay cleaner longer.</p> <p>1070664 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:64 or 2 oz/gl Bottle: 52 RTU Gallons Case: 206 RTU Gallons Fragrance: Fresh Color: Clear</p>
Carpet	<p>846 WAXIE-Green™ FiberCare Carpet Soil Extractor <i>Green Seal GS-37 Certified</i> <i>CACC Certified</i> Odorless, low-pH, extraction cleaner, neutralizer, brightener and deodorizer. Helps eliminate brown out. Ideal for blood stains, food, stubborn soils, animal odors and stains.</p> <p>1070051 3L/ea 4/cs</p>	<p>Dilution Ratio: 1:64 or 2 oz/gl Bottle: 52 RTU Gallons Case: 206 RTU Gallons Fragrance: Fresh Color: Clear</p>

Discover the WAXIE Difference

We have been the experts in clean since 1945 and we are committed to helping our customers keep their facilities cleaner, healthier, greener, and safer.

We understand that you need to provide a clean and healthy building at the lowest total cost. That's why we deliver innovative cleaning solutions along with your facility maintenance supplies, and combine them with industry-specific expertise and advice. Our goal is to create customized cleaning solutions to meet your specific needs, followed by ongoing training and support to help you achieve the healthiest building environment.

Whether it's an on-site consultation, a timely equipment repair, a bilingual training session, or an introduction to the latest laborsaving cleaning innovations and technology – working with WAXIE contributes to lower operating costs, enhanced public image, and cleaner surfaces, all while helping you create the best experience for all of your building occupants.

WAXIE Sanitary Supply – An Envoy Solutions Company

WAXIE has Inventory Centers strategically located throughout the Western United States to serve you. WAXIE is an industry leader in the distribution of quality cleaning chemicals, equipment, disposables and accessories to the building service contractor, school, hospitality, healthcare, military, government, industrial and retail markets. Our market and industry-specific expertise will contribute to your lower operating costs and an enhanced public image.

Envoy Solutions is a diversified distribution company for janitorial supply, packaging solutions, foodservice disposables and specialty products. Envoy Solutions is the parent company of North American Corporation, WAXIE Sanitary Supply, Southeastern Paper Group and NVISION. Operating as the nation's premier specialty distribution platform, Envoy Solutions works to make buildings cleaner, people safer and operations more productive, every day. Envoy Solutions is also a member-owner of NETWORK®, a streamlined collaborative collection of the best independent distributors in the world providing an efficient and integrated approach to servicing large account portfolios.
