SHELF LIFE: All WAXIE brand chemical products have a guaranteed shelf life of up to one year after the date product was manufactured, when stored in ambient conditions. The actual manufacturing date is included in a date code on every product container.

DIRECTIONS FOR USE

Remove Protective cap and insert in dispenser. Adjust Interval Setting to 15 minutes, 24/7 for 30-day operation or amend settings as desired. Position dispenser so that the concentrated spray will not directly fall on people, animals, food, beverages, food processing surfaces or solvent-sensitive surfaces; including varnished or painted surfaces. **NOTE:** Time-dispense metered cabinets should be mounted on wall at least 7 feet above the floor and in a location free from furniture, sensitive plastic surfaces or any other objects 3 feet in front of the cabinet. Time-dispensing cabinets are not intended for use by placement on horizontal surfaces such as cabinets, shelves or other finished surfaces. When mounted in small, enclosed areas with little to no exhaust, set dispenser on longest interval setting.
