

INNOVATIVE SOLUTIONS FOR CRITICAL ENVIRONMENTS

Coronavirus Allocation Notification

February 20, 2020

Dear Valued Customer,

As a result of the situation in China with the Chinese New Year and the Corona Virus outbreak, Valutek has moved to allocate existing stock for all items affected by the Chinese production shutdown. This allocation will affect all purchases of Garments, Wipers, and Mats. Valutek has moved very quickly to insure that our current customers will have access to these products. As a result, all products previously mentioned will be allocated based on the last 12 month usage by each customer. This allocation will curtail large one time purchases and excess stocking orders. Please be advised that we are in a very strong position with current inventory and will be consistently monitoring the supply chain to avoid stock-outs. We appreciate your patience during this time.

Thank you,

Korey Fleck
Vice President
Valutek Inc.
