

Waxie Sanitary Supply launches Portable Dilution Control cleaning system

May 29, 2009

FOR IMMEDIATE RELEASE

SAN DIEGO, CA -- WAXIE Sanitary Supply, America's largest family-owned distributor of sanitary maintenance supplies, is pleased to announce its Portable Dilution Control system. It is a reliable low cost portable dilution control system that attaches to the WAXIE-Green Solution Station 3-liter bottles of super concentrates. It is designed to dispense ready-to-use solution for all types of applications ranging from bottle fill to bucket fill to auto-scrubber fill to direct spray applications.

All of the PDC chemicals available are environmentally preferred, bio-based, highly concentrated solutions that are safer than traditional heavy-duty cleaners for both users and surfaces. They are all third party certified bio-based chemicals, which means they meet stringent environmental standards, which reduce environmental impacts and promote safer and healthier work environments.

PDC products include carpet care, floor care, neutral cleaners, degreasers and glass and surface cleaners.

WAXIE Sanitary Supply is America's largest family-owned distributor of sanitary maintenance supplies. WAXIE is an industry leader in the distribution of quality cleaning chemicals, equipment, disposables, and accessories to the building service contractor, school, hospitality, healthcare, military, government, industrial, and retail markets. Based in San Diego, the company consists of over 800 dedicated professionals working out of Inventory Centers servicing the western United States including California, Arizona, Nevada, Utah, Idaho, Oregon, Washington, Colorado and Alaska. Additional information about WAXIE Sanitary Supply may be obtained at www.waxie.com.
